## ROKU 2 Instruction

Set-Up the Roku 2 Player-

1. Connect the Roku 2 player to your HDTV by using the supplied HDMI cable. Connect one end of the cable to the HDMI port on the back of your ROKU 2 player and connect the other end of the cable to an open HDMI port on your HDTV
2. Power on your ROKU 2 player by using the included power adapter. Plug in the power adapter to a nearby wall outlet and connect the other end to the open port on the back of the Roku 2 player. **(There is no separate on/off switch on the device.)**
3. Make sure the supplied batteries are in the Roku remote. Become familiar with the Roku remote buttons (see attached diagram)
4. Power on your HDTV and look for a Roku message to fill the screen. If you see a **blank screen**, make sure your TV input matches the physical connection used to connect your Roku 2 player to your TV. Press the INPUT or SOURCE button on your TV remote until you see the ROKU screen.

Configure the Wi-Fi connection to the Roku player

1. Use the arrow and OK buttons on the Roku remote to select the on-screen options for connecting your Wi-Fi to the Roku. The Wi-Fi connection is under settings on the main Home page.
2. It will take a few moments for the device to complete connection-depending on your Wi-Fi Broadband Width and Speed. Once connected, press the HOME button on the Roku remote to go back to the home screen.

A [BACK] Return to previous screen

B [HOME] Return to Roku home screen

C [UP] or [DOWN] Move up or down; [LEFT] or [RIGHT] Move left or right

D [IN-EAR HEADPHONES JACK] Plug in your in-ear headphones here
